When God’s Last Question Becomes Our First”**

- One last frontier to conquer for God:
 - ◆ GI generation— _____ space
 - ◆ Baby Boomers— _____ space
 - ◆ Generation X— _____ space
 - ◆ 3rd Millennials— _____ space

- _____ (Jonah) not only ends with a question—it is packed with _____ of them!

- Question #13: “Should I not be concerned about that great _____ ?”
 - ◆ According to the United States Census Bureau our world population just reached _____ billion human beings.
 - It is now estimated that _____ of earth’s inhabitants live in a city (not in a suburb or town or village or the country).
 - Which means that _____ people on earth are urban dwellers.
 - In fact, earth’s cities have become so large that they are now being called “_____,” defined as contiguous spreads of inhabited buildings and streets. (see www.citypopulation.de/World.html)

 - ◆ “Wake up, wake up . . . and enter the fields in America that have never been worked. . . . There is a work to be done in foreign fields, but there is a work to be done in America that is *just as important*. In the cities of America there are people of almost every language. These need the light that God has given to His church.” (8T 36)

 - ◆ John Dawson: “The emergence of a worldwide urban culture is setting the stage for the world’s first truly global awakening. From China to Brazil, cities are becoming more and more uniform in culture. . . . Entertainment in the form of movies, rock music and television is discipling the youth of the world into a universal urban culture. . . . English as a second language is spoken by the elite of most world-class cities, thus creating the potential for the rapid spread of a product or an idea.” (*Taking Our Cities for God* 63, 64)

 - ◆ “More than half the people who have ever lived are now alive. . . . If we don’t

have an awakening in this generation, more people will go to an eternity without Christ than in all the past generations put together. I can't see God allowing that to happen. Business-as-usual is not good enough; there is not enough time." (Ibid 64, 65)
