WELCOMING ALL SEASONS: PIPING + PAVING CAMPAIGN

The Pioneer Memorial Church building is 66 years old. For one set of very important hidden utilities, the heat and cooling pipes, an urgent change is required. The heating and cooling pipes have corroded to the point of catastrophic failure which would lead to water damage to the entire basement of the church and its contents.

In addition, the church parking lot has deteriorated to the point of being hazardous.

The Pioneer Church Board voted to replace the pipes and repave the parking lot this spring. The work on the pipes has begun which is why we are meeting at the Howard Performing Arts Center. The combined cost of the two projects is \$925,000 with the majority of that amount going towards the pipes restoration.

Please consider how you might join with other members of Pioneer Memorial Church to support these two important restoration projects.

Let us together keep Pioneer a welcoming place in every season.

Something in Common SS

SABBATH MORNINGS • 10:30–11:30 AM
PIONEER BOARDROOM

We all experience angry feelings caused by tension, pressure, and the frustrations of daily life. These emotions can lead to broken and stressed relationships, leaving us feeling overwhelmed. However, there is hope. With the right support, you can learn to overcome the destructive emotions that affect your life. Everyone is welcome to join us each Sabbath through October 11.

Help Us Welcome New Students

Many new faces will soon join us as they begin their academic journey at Andrews University. We are excited to welcome them with our traditional Welcome Picnic on Sabbath, August 23. You can support the BELONG program by signing up to be a table host, preparing food, becoming a general volunteer, or even doing all of the above! We still need volunteers—specifically, 115 total! To sign up, text the word "PICNIC" to 269.281.2345.

With This in Mind . . .

The lack of sleep is not something to brag about. It certainly is not an indicator of being more dedicated. Adequate sleep is needed to help with concentration, decision-making, remembering as well as problem solving. The Journal of Occupational Environmental Medicine (Williamson & Feyer, 2000) published that after 17–19 hours without sleep, participants were as alert as someone with a 0.005 blood alcohol level. With a longer gap, the more at risk an individual becomes, and perhaps, should not even be driving! Be temperate in all things (1 Cor. 9:25). Prioritize and get sufficient sleep.
